UNFINISHED BUSINESS

NEW BUSINESS

LAFCO San Luis Obispo (Local Agency Formation Commission) – President Tracy, V. President Hamson & GM Thompson met with Rob Fitzroy & Imelda Marquez on November 21st to discuss the Municipal Service Review and Sphere of Influence Study. Our last review was done in 2015. The Municipal Service review is to identify solutions and to provide a plan. Some unique situations are “private roads open to the public” that the county will not maintain.

Information they are requesting is: any Capital Improvements/Capital Replacement plans; information regarding the plan and launch of new website and any information on the court case regarding the “private roads but open to the public”. President Tracy and V. President Hamson ask GM, Thompson to gather the information and email it to Imelda by Friday December 12th as requested.

Election of President & Vice President: President Tracy stated that this needs to be removed from the agenda, the elections take place in January. GM Thompson stated that the election of the President and Vice President occur in December with officers assuming position in January.

Discussion: President Tracy stated no that is not correct according to our current bylaws. We assumed CSD office in November of 2024 and were elected as President and Vice President in December. Therefore, election does not occur until January. GM Thompson said that is incorrect.

All previous bylaws state that the CSD President and Vice President are elected in December and take office in January. The bylaws that were revised on January 8, 2025 are not clear and concise and are not properly written. Director Costello agreed.

Vice President Hamson made a motion to move the election of CSD President and Vice President to the January meeting due to the unclear language in the current bylaws, a second by Director Costello. All were in favor. Motion carried.

DIRECTOR COMMETS: This is the opportunity for the board members to make brief comments or suggestions.

Charles Miller email:

Director Mulcahy made comments regarding the latest email from Mr. Miller. Something needs to start happening. Where are we with our Attorney? Our money needs to be used in fixing our roads throughout the Ranch and not on attorney bills, does this meet the any elements of harassment now?

President Tracy said there are no more problems with the FPPC that case has been closed, and the Board of Engineers has not been in contact with me. We have done nothing wrong. We do not need to battle to fix our roads.

Director Costello where are we with legal counsel? Should a stern letter of cease and desist be written? Does this meet legal ground of harassment?

GM Thompson answered Director Costello questions regarding legal counsel. Our attorney is waiting to meet with President Tracy & V. President Hamson separately to discuss the situation. They are to set up the appointments. President Tracy & V. President Hamson should mention the letter to the attorney during their conversation with legal counsel. I will also inquiry. I will also ask about the matter of harassment.

Resident is attendance asked if this is regarding the 218 votes? Did Charles protest the 218 votes? Or is this about the conflict-of-interest complaint?

President Tracy stated that no one affected by the 218 protested nor did Mr. Miller. This complaint is all about me writing the engineering report this is not even a conflict of interest.

Director Mulcahy also noted that we need to get all the legal documents/records from the past board including all attorney's fees that were paid.

President Tracy said that we only received a couple of boxes of documents. All are lost from past boards are gone. We have nothing from the past board.

Further discussion was heard from residents in attendance.
